Not the angle I once was.. @Ascendid1 · 10h

Looks like someone didn't want to shell out to many royalty shekels for the Bond marathon

Hello, last night I whipped it out to beat off and could smell my ass. I switched pants after, same stink. I believe the scent of my asshole is baked into all my pants. Anyway, my Streamlight ProTac keeps shutting off under recoil and I was wondering if I could RMA it. Thanks.
